

Birthday CIRCLE

Let's send hope and good cheer in the mail!

Riverside County is home to 4,800+ kids in care and they are important members of our community! Can you believe that some foster youth rarely, and others never, receive a birthday card or note of encouragement on their special day? Help us change that!

RUHS Foundation wants our kids to know they are cared for and has launched a campaign with the support of amazing donors and volunteers to do it! No matter where they live, how old they are, or the length of time in foster care, every child will receive a birthday card with a hand-written message and a birthday treat.

Want to join us? Simply decide how you'd like to give!

Sponsorship Opportunities
