

# Pinwheels for Prevention®

April is National Child Abuse Prevention Month and it serves as a reminder that everyone has a role in helping to protect our most cherished resource—our children. There is no better time to help raise awareness and support prevention efforts on behalf of all children who are suffering from the physical and emotional impact of abuse.

Join us in supporting Riverside University Health System Foundation by becoming a Pinwheels for Prevention® sponsor and showing that your home or business is an advocate of this effort. Partner with us for this awareness and fundraising campaign help our communities keep children safe, healthy, and thriving!
